Plastic Bin Boxes

available in blue, red, and yellow—for 12" or 18" deep shelves

Plastic Bin Boxes of molded polypropylene plastic are virtually indestructible. Reinforced edges give additional strength. A hang-lock molded into the back of each bin secures it to the shelf above and prevents contents from spilling out when bin is fully extended. Easy access through hopper style front. Molded-in slots accept bin dividers (sold separately). Front panel has molded-in label holder for stick-on labels or you can use a label holder (sold separately).

Tote Tray and Caddies

Tote Tray

made of heavy gauge, high density polyethylene

Tote Tray comes with 4 removable, adjustable dividers to accommodate many different needs. Made of material that is resistant to all oils, acids and chemicals. A terrific truck organizer that saves on time, missing parts and tools.

Nipple Caddies

perfect for every plumber's truck!

The **Nipple Caddy** is made of high density polyethylene that is strong enough to take abuse, yet half the weight of metal. It will withstand harsh chemicals, acids and oils and will not rust or corrode. Bottom design holds nipples and keeps them out of water and other liquids. Drain holes let caddy drain. Great in cold weather—tested to -40°F. Available in six different styles.
